Rules Education Initiative

The Rules Roadshows are underway. This week the CGF visited Ay Nic. A small but welcoming and very friendly club.

Twenty members enjoyed an afternoon looking at various scenarios on the course, including many typical situations such as an unplayable ball in a bush to the less common - snake in a bunker.

Delegates were given the opportunity to set out and practice their own situations.

All followed by refreshments indoors watching entertaining yet relevant rules videos. Plus a general Q&A session to finish.

Members thanked the CGF for presenting a beneficial yet lighthearted insight into the Rules of Golf.
